

# Tabletops

Our tabletops are made for an intense use and meet the current standards requirements (density, abrasion resistance, impact resistance, formaldehyde emission...). They provide the guarantee of a reliable and durable product.

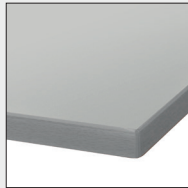

The wood used in our tabletops comes exclusively from sustainable controlled forests.

## MELAMINE TABLETOP, ABS EDGES

19mm thick melamine surface chipboard top.

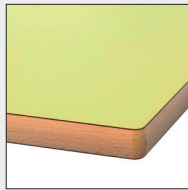

2mm thick ABS edges glued on the edge of the tabletop

## LAMINATED TABLETOP, ABS EDGES

22mm thick counterbalanced laminated chipboard top.

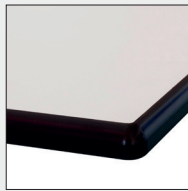

2mm thick ABS edges glued on the edge of the tabletop

## LAMINATED TABLETOP, WOODEN EDGES

22mm thick counterbalanced laminated chipboard top.

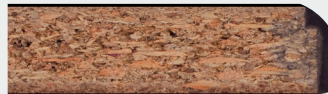

Wooden edges glued on the edge of the top and covered with 0.9mm laminate

## LAMINATED TABLETOP, BLACK MOULDED EDGES

22mm thick counterbalanced laminated chipboard top.

Black moulded edges made of polyurethane resin which covers the tabletop edge. No seal. Extremely resistant to shocks.
